Programme

Tuesday, 4. October 2018
13:45 Thomas Buchert :   Round Table II - Welcome
14:00 Ralf Aurich :   On the computation of CMB anisotropies

16:00 coffee/tea

16:30 Pratyush Pranav :   Homology of the Cosmic Microwave Background

Wednesday, 5. October 2018
11:00 Martin France :   Non-spherical CMB support manifold

14:00 Frank Steiner :   On the gravitational field of a star in a flat 3-torus universe

16:00 coffee/tea

16:30 Léo Brunswic :   Topology dynamics in globally hyperbolic singular
                              Ricci flat 2+1 spacetimes
18:00 Quentin Vigneron :   Newtonian theory in non-flat spaces

20:00 Round Table Dinner
